### Multifunctional

Reheating, thawing, baking and grill.

### NEW Steam Function

Humidified for rapid thawing/heating without drying.

Note: Do not use steam while in Grill mode and when temperature is below 150°C.

This is to prevent water condensation and dripping in the oven.

### Build-in Fan

Even and quick cooking.

### Improved Easy To Clean

Non stick enamelled inner lining, removable guide frames and removable inner door glass.

### Improved Easy To View of Cooking Process

Wide window with internal lighting.

### Power Save

Auto power off when the timer turns to 0 mins.

### Flexible Timer

Auto timer (0-60mins) or manual timer are both available.

### Auto Buzzer Alert

Buzzer sounds for few seconds when timed cooking is complete.

Turn off buzzer by turning thermostat knob to 0.

### Simple To Use

Easy to operate and install, hydraulic hose included.

### Aesthetic Design

Elegant and durable stainless steel finishing, double glazed cool glass door with wide window.

Steam dispenser and build-in fan

Removable inner door glass

Removable guide frames
